Please use additional space as needed.

CUSTOMER AUTHORIZATION

The device(s) submitted for calibration as requested above is (are) assumed to be in working order and suitable for calibration. If defects are determined to exist, or the device is found to be out of tolerance, I authorize ICL Calibration Laboratories, Inc. to: (please check one of the following options):

- Provide "As Found" values for the thermometer. I will make a decision regarding continued utilization of the instrument based on the data provided in the calibration report.
- Provide "As Found" values for the out-of-tolerance thermometer and provide a new, identical thermometer, calibrate per original instructions, and bill accordingly. **If this option is checked, there will be a charge for the calibration of the out-of-tolerance device, the cost of a replacement device, and a second calibration charge for the new device.**
- Reject the thermometer without 'As Found' data, provide a new, identical thermometer, calibrate per original instructions, and bill accordingly. **If this option is checked, there will be no calibration charges incurred for defective or out-of-tolerance devices instruments encountered.** All rejected devices will be returned to you. *This option may not be appropriate for clients operating in a regulatory or ISO quality system environment.*

RECALIBRATION INTERVAL (per the requirements of your quality system)

Please indicate the calibration interval you wish to appear on the calibration report, for example, "1 YEAR", or specify "NONE" if you do not wish to have a 'Next Due' date appear.

RECALIBRATION INTERVAL: _____

If the interval is left blank, we will insert a 'reasonable and prudent' calibration interval taken from NIST or other authoritative body recommendations.

Note: if we know your recalibration interval, we will contact you approximately one month before the expiration of that interval to remind you recalibration will soon be due.

ANY SPECIAL INSTRUCTIONS OR REQUESTS?

SAFETY INFORMATION

Have any of the devices being submitted for calibration been exposed to radiation, bio-hazardous material or other hazardous contamination?

- No
- Yes *

* If yes, I hereby certify that these device(s) have been decontaminated by approved methods and are safe for handling.

Signature: _____ Title: _____ Date: _____
